

WE NEVER CUT THE CHEESE.

Or the cream. Or the butter. We use 100% pure ingredients from America's heartland.

For the world's finest dairy flavors, it's always wise to go straight to the source. Located in the heart of dairyland, First Choice Ingredients has built a worldwide reputation for quality, value and the ability to deliver when it counts.

You can choose from our expansive library of flavors or work with us to create a new one. Either way, we'll show you what friendly Wisconsin customer service is all about.
